1 Executive Summary

The Offer in One Sentence

We will deploy an AI-powered due diligence system at your firm that compresses 5–7 day property review turnaround to **same-day delivery** at a cost of **PKR 35,000 per month** — replacing over PKR 500,000 per month in senior associate time.

Your firm currently spends significant senior associate time on first-pass document review — work that is slow, inconsistent, and below the capability level of your qualified lawyers. Our system automates this first pass entirely, producing a structured review memorandum with clause-by-clause findings, red flag alerts, and statutory citations in under 5 minutes.

2 What We Are Proposing

2.1 The System

The Legal RAG System is a Retrieval-Augmented Generation document review platform built specifically for Pakistani legal due diligence. It is not an off-the-shelf international product — it is configured for Pakistani law, Pakistani document formats, and Pakistani regulatory requirements.

- Accepts your PDF document bundle (property deeds, NOCs, CNICs, tax receipts)
- Runs 15+ due diligence questions automatically
- Cross-references every finding against Pakistani statutes and the Constitution
- Generates a branded review memorandum with your firm’s letterhead
- Allows your lawyer to ask additional questions in natural language

2.2 What Makes It Specific to Pakistan

- **Pakistani statutory corpus:** Constitution of Pakistan 1973, Transfer of Property Act 1882, Registration Act 1908, Stamp Act 1899, Companies Act 2017, Muslim Family Laws Ordinance 1961, Benami Transactions (Prohibition) Act 2017, Anti-Money Laundering Act 2010
- **Urdu document support:** Handles mixed Urdu-English documents, Fard-e-Malkiat, Intiqal, and Khasra references natively
- **City-specific NOC requirements:** Separate profiles for CDA (Islamabad), RDA (Rawalpindi), LDA (Lahore), SBICA (Karachi)
- **FBR compliance:** Automatic Section 236C/236K withholding tax checks for transactions above PKR 5 million

- **Inheritance detection:** Automatically triggers succession compliance checklist when inherited property is detected

3 Pricing

Feature	Starter	Professional	Enterprise
Monthly price (PKR)	15,000	35,000	70,000
Monthly reviews	25	100	Unlimited
Transaction types	Property	All 3	All 3
Custom checklist	—	✓	✓
Firm letterhead	—	✓	✓
API access	—	—	✓
SLA guarantee	—	—	✓

Table 1: SaaS Pricing Tiers

Return on Investment — Professional Tier

At PKR 35,000 per month, a firm processing 50 reviews per month replaces approximately PKR 500,000 per month in senior associate time. **This is a 14× return in month one.** Even at 10 reviews per month, the subscription pays for itself within the first week via time savings alone.

4 Onboarding Timeline

Day	Activity	Owner
Day 1	Subscription confirmed, access credentials provided	Us
Day 2	System installed on firm's machine or server	Us
Day 2	Firm letterhead and checklist configured	Joint
Day 3	30-minute staff training session	Us
Day 3	First live review conducted with firm staff	Joint
Day 5	Feedback collected and refinements applied	Us
Day 7	System fully operational	Firm

Table 2: Onboarding Schedule (7 Days)

5 What Is Included

- Full system installation and configuration
- Firm letterhead integration on all memo outputs
- Custom checklist configuration for your transaction types
- 30-minute staff training
- 30 days of support via WhatsApp
- Monthly system updates

6 Next Steps

To proceed, please confirm the following by reply email or WhatsApp:

1. Preferred pricing tier (Starter / Professional / Enterprise)
2. Primary transaction type (Property / Loan / Acquisition)
3. Onboarding start date
4. Name of the contact person for technical setup
